## Flight Supplements/Reductions

Our flight prices are set at the time of booking as we aim to offer maximum flexibility to our clients. As a result, package prices are indications only.

There are now so many airlines operating to the island from a wide range of local airports, all changing their prices on a day to day or hour to hour basis, that it is impossible to give fixed supplements or reductions.

### We list a selection of flights to which we have access but there are many more.

In order to book the best possible fare with some airlines it will sometimes be necessary to ticket and pay well in advance. In such cases, clients will be asked to pay the flight portion at the time of booking in addition to the £125 deposit.

Premium/club class seating is available on Cyprus Airways and British Airways. Please enquire for applicable supplement.

Some flights operate to Larnaca via Paphos.

\*Flight arrives the next day

\*\*Return following day

Cyprus Airways (CY), British Airways (BA), Thomson Airways (TOM), Thomas Cook Airlines (TCX), Monarch (MON), Easyjet (EZY), Viking (VIK).

**All known fuel surcharges and airport taxes as at 30 September 2009 are included in our prices.**

## Important Notes

All timings are local and are subject to change. Days of operation are also subject to change and will be confirmed at the time of booking.

Aircraft types may change at the airlines' discretion.

Luggage allowance generally 20 kilos (nil for infants under 2 years) but this also depends on the airline and will be advised at the time of booking.

Connecting flights are available from most UK airports if required.

Minimum check-in time two hours before departure.

All flights are non-smoking.

Some low cost flight arrangements may not include in-flight meals.

We recommend early booking to secure the cheapest flight prices
